## MARCH 29, 2024

March has been a very eventful month. April will see much the same, I am sure!

Our Overnight Stay was such a wonderful experience for the children to practice their independence in a controlled, safe setting. It was beautiful, and sometimes comical, to watch as they helped each other roll up their sleeping bags.

We also had our first hike! The wonderful Ms. Ana went with us to Pima Canyon Trailhead. There was a real squirrel, a scurry of chipmunks, and a Luis!

The first week of April sees our 3rd year students testing. Good sleep, balanced snacks and meals are key. We are practicing daily, to help become used to the format and to reduce anxiety.

The Mercado is April 12th. In class, we have been discussing charities. So far 4Ocean, Heidi's Village, and Feed My Starving Children have been mentioned. As a class, we would like to limit the number of charities and encourage local charities that the children can physically visit or contribute to. More details will be coming soon.

Kind regards,

Ms. Stephanie and Ms. Liz
