

# What's Cooking in Coyote Classroom?

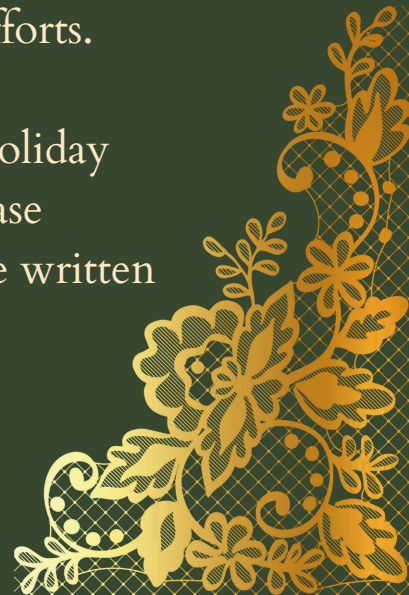

November flew by and now December is upon us! We have done so much and have some wonderful plans ahead for the winter months.

This month, our newsletter is full of the work of eager writers, editors, and Layout Designers, many using Canva for the first time! We had a little fun choosing templates, adding photos, and extra design elements and we hope you enjoy their publishing efforts.

We are still in the process of planning all our our in-class holiday activities, but have some fun projects keeping us busy. Please continue reading the following pages that are students have written and/or designed and be sure to note the important dates.

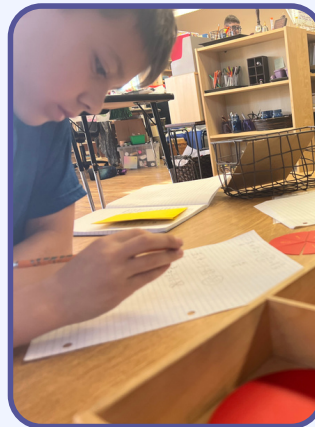

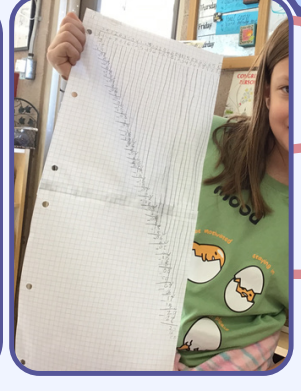

Sincerely,

Ms. Liza and Sydney

# Decimal, Fractions, & Geometry

## Some of this Month's Math Lessons

- Division and Multiplication of Fractions
- Euclid and Pythagoras Plates
- Long division & multiplication w/ Decimal fractions
- Polyhedron classification & Surface Area

**Mathematics is  
Measurable Logic**

# *We Love Projects Sew much!!*

---

*Much Thanks to the Waibels for Purchasing our State Flower Quilt at Auction, raising \$4,500 for the school!*

---

## *Quilting, Embroidery & Creativity*

**Sewing involves art and design as well as math and engineering skills.**

Students have also designed and sewn their own quilts, bags, and hats for themselves, and we are working on a special compliment bag project for the holidays.

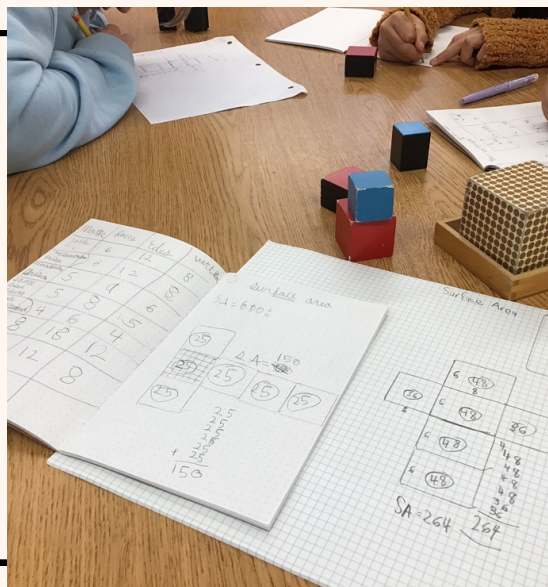

# COYOTE CORNER

Welcome Ms. Sydney!

By Liza

We are so grateful for Ms. Sydney's loving presence in Coyote Classroom! It's hard to believe that Sydney has been with us a whole month and already witnessed so much activities! We are even starting to vibe on clothing choices!

# U.S. HISTORY PRESENTATIONS

October 31, 2013

# U.S. History Presentations

By Alyssa

My favorite thing that we did this year was the US History research because the lower el kids learned some new facts and they will know what to do when they are in upper elementary.

Everybody put so much hard work into their poster, especially the Dinosaur group. Everybody's poster turned out so great and I feel like they will turn out more amazing next year.

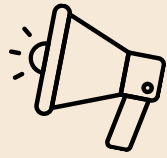

Our first ever Halloween Wax Museum was such a success and we plan to carry on the tradition next year. The lower el students enjoyed the diverse offerings of glimpses of US History.

## Potluck Performance

This month we had our potluck and we sang our favorite songs we learned from Ms. Liza. the songs included:

1. Cannon Canon  
Turkey's United  
Grandma's Feather Bed  
Turkeys United sounded like the turkeys wrote it.

## Other Songs

2. We also learned other songs, like a Navajo song, skeleton song, Shooting star, sun song, Simple Gifts, and Wellerman.

## Upcoming

3. Soon we are going to sing some songs at the nursing home and also learn new holiday songs. We also want to make cards for the residents of the nursing home and interview them.

## Coyote Classroom

### PETS IN THE CLASSROOM

By Lonneke and Claire

The guinea pigs are doing pretty well. The guinea pigs are not eating fruits or veggies which is not good for their diet. One to two veggies or fruits per week is good for the guinea pigs. Whoever is the guinea pig caretaker should be serving them fruits and veggies. If you have extra fruits or veggies that are still good for eating, please bring them in.

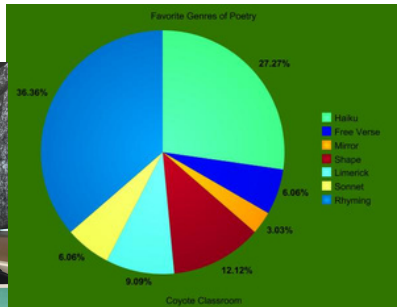

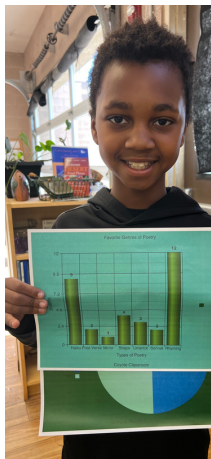

The guinea pigs toenails grow very quick so we make sure they are cut. Madam Speckles likes to pull down the water so we make sure the string is nice and tight. And speaking of water, we make sure it is full to the max.

### POETRY

By Tahj

This month we have been doing some poetry. The kids have been liking it and it has been pretty fun. I did a survey about their favorite types of poems:

### DECEMBER ACTIVITIES

Written by Danica

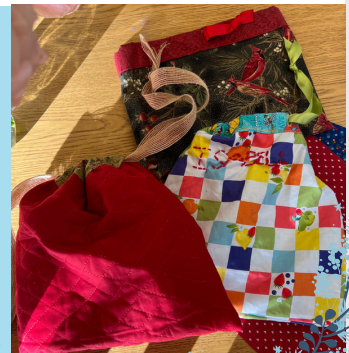

This month we are making bags of different fabrics and once everyone's bags are done, we will all write compliments and put them inside. We will also have a holiday research party and students will bring a dish related to their research.

If you want to buy something for the white elephant gift exchange, it has to be between \$5 and \$10.

There will be sign up sheet for our candy engineering project.

#### Important December Dates

- December 7th
  - Candy Engineering
- December 8th
  - Hanukkah presentation
- December 15:
  - Holiday Research party
  - White Elephant Gifts

NEWS FROM

# Our Birds

## the Latest News

written by Hera and Claire

The birds are not going to be in the class until January. Sky had surgery for a prolapsed intestine. Sky is having a good recovery. They have to be separated in different cages and they are good sports about it. I love Sky and Lily. Sky and Lily are Happy after Sky had the vet appointment,

# GAGA BALL

11/30/23

# FUNDRAISER

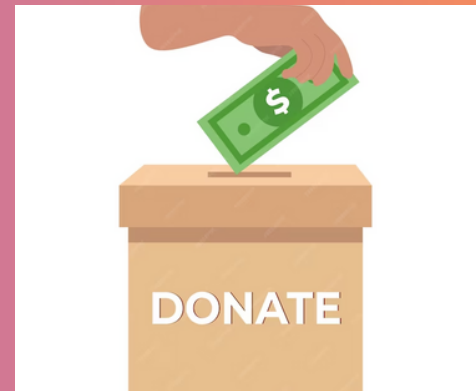

Your money will be put to good use, we will spend it on Gaga Ball

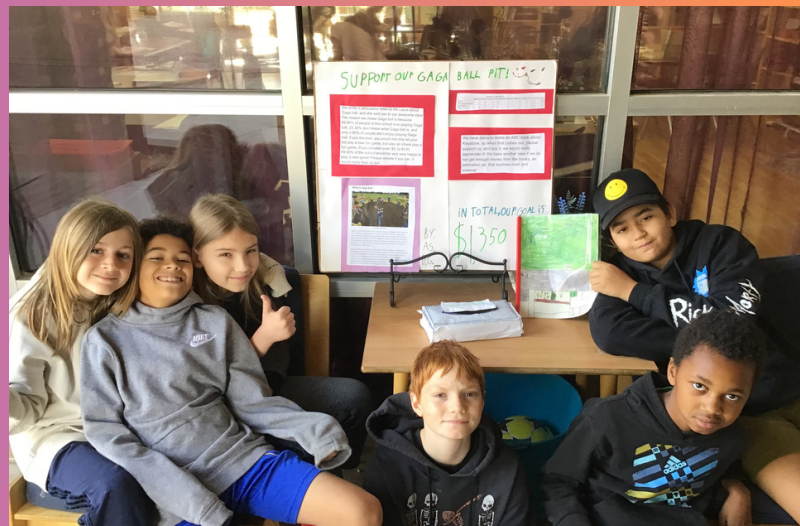

We have plans to make an abc book about Keystone to sell to the parents.

BY: DG, AS, CN,  
MJ, RC, DR, TSD

Donate to support gaga ball, it would really help

This is a picture demonstrating how to play gaga ball, if you hit someone below the waist, they are out

# Our Thanksgiving Feast

by Imani and Savannah

The Thanksgiving feast was really fun and delicious. At the Thanksgiving feast, we set the tables up like a big long dinner table. The classroom signed up to make something for the feast. The students made pumpkin pie, buns, fruit salad, chicken noodle soup, vegetable soup, ice cream sandwiches, sweet potato casserole, and spicy chicken. We all worked very hard on all the food. It was worth it, though. Ms. Liza gave different groups lessons on making polymer clay ornaments. We all had a very great time and enjoyed our food. It was an awesome way to end the week. Hope you had a great Thanksgiving!
